Per il corretto fissaggio è possibile utilizzare la dima di installazione allegata.

For a proper installation, the attached installation template is also available.

Pour la correcte installation vous pouvez aussi utiliser la silhouette d'installation annexé.

Zur korrekten Befestigung ist es möglich, auch die beiliegende Montageschablone zu verwenden.

**SISTEMI DI ANCORAGGIO:** È responsabilità dell'installatore la corretta scelta dei sistemi di ancoraggio idonei al tipo di supporto su cui ancorarsi e dei carichi derivanti dal peso della struttura e dall'azione del vento. (\*\*\*) Immagini puramente indicative).

Per applicazioni di prodotti Pratic su supporti/strutture preesistenti è responsabilità dell'installatore garantire l'adeguatezza strutturale del supporto/struttura preesistente.

**ANCHORING SYSTEMS:** It is responsibility of the fitter to correctly choose the anchoring systems suitable to the type of support on which it is necessary to anchor and the loads due to the weight of the structure and the wind action. (\*\*\*) Images shown are indicative only)

To install Pratic products on existing supports/structures it is responsibility of the installer to guarantee the structural adequacy of the existing support/structure.

**SYSTÈMES D'ANCRAGE:** L'installateur est responsable de la bonne choix des systèmes d'ancrage appropriés au type de support sur lequel s'ancrer et des charges résultants du poids de la structure et de l'action du vent (\*\*\*) Les photos sont à titre purement indicatif).

Pour applications de produits Pratic sur supports/structures préexistantes, l'installateur a la responsabilité de garantir l'adéquation structurale du support/structure préexistante.

**VERANKERUNGSSYSTEME:** Der Installateur ist dafür verantwortlich, die richtigen, für die Art der zu ankernden Unterlage geeigneten Verankerungssysteme anzuwählen, als auch die von dem Gewicht der Struktur und der Wirkung des Windes verursachten Lasten.

(\*\*\*) Die gezeigten Bilder dienen nur als Referenz). Für Anwendungen von Produkten von Pratic auf Trägern/bereits existierenden Strukturen liegt die Verantwortung beim Installateur, die strukturelle Angemessenheit des Trägers/der bereits existierenden Struktur zu garantieren.

\*\*\*
